Please make sure you are here at the time of your Call; this is important so we know you are here and getting ready for the show. Sunday after the show; there is a mandatory strike; where we deconstruct the set; and put costumes and props away. After that we will have a cast party to celebrate your show! We will probably be done around 4:00pm on the 26th. We should expect to be finished around 8:15pm/8:30pm during tech week.
